Cook heads dimes drive

The annual January fund-raising appeal for prevention and treatment of birth defects will be headed by Harold W. Cook of Upland, according to James H. Smith, chairman of the San Bernardino County chapter.

The appointment signals the opening of campaign preparations for the drive to be held in San Bernardino County, January 2 - 31.

In discussing the goals of the campaign, Cook noted that "when the March of Dimes turned its energies and resources toward prevention of birth defects in 1958, the challenge was electrifying. It was the first major attack on diseases that affect a quarter of a million of our newborn annually."

"During the intervening years we have concentrated top-flight research, outstanding medical talent and the most modern equipment and rehabilitation techniques into a nationwide network of Birth Defects Centers," Cook said. Two of these Centers are located in San Bernardino County.

Cook began his career in education in 1925, joining the Chaffey High School staff as a social science teacher. He retired as superintendent of the Upland School District in 1966, a position he held from 1931.

He is a member of the Upland United Methodist Church; member and past-president, Upland Host Lions Club; member, Los Angeles Town Hall; member, Los Angeles Trojan Club; chairman, Upland Parks and Recreation Committee; 38-year member and past president, Upland Public Library Board and member, Phi Delta Kappa an Honorary Education Fraternity.

Cook has been active in March of Dimes Leadership since 1966, serving as Director of the Upland Campaign and Westend Area Director for the past three years. He and his wife Bessie reside at 137 West 9th Street, Upland. They have two children, six grandchildren and one great-grandchild.

Parks meeting Oct. 13

The next meeting of the Parks and Recreation Committee will be held Tuesday, October 13, at 7:30 p.m., in the City Hall Council Chambers.

Rubella shots planned

The Upland School District in cooperation with the San Bernardino County Health Department will administer vaccine against Rubella, commonly called German measles, Oct. 23 and 29.

On October 23, immunizations will be given at the Upland Elementary School to students from kindergarten through 11 years of age, as well as students from Foothill Knolls, Magrolla, Valencia, Sierra Vista and Sycamore schools who will be transported to Upland Elementary School. Students from St. Joseph's Parochial School will walk to Upland Elementary School.

Thursday, Oct. 29, immunizations will be held at the Baldy View School for the students of Baldy View, Citrus, Cabrillo and students from the Upland Christian Day School. Students from Citrus and Cabrillo will be transported to Baldy View School.

The program is strictly voluntary and the students will be taking home parent permission forms for the immunizations. Although Rubella is not considered a serious disease for a child, it can be disastrous for a woman in the first three months of pregnancy.

Fire disaster meeting

A meeting has been set in the Board Chambers of the San Bernardino County Board of Supervisors Offices, 175 Fifty, Second Floor, San Bernardino, Monday morning at 10 a.m., October 12.

Supervisor Ruben S. Ayala, Chairman of the Board of Supervisors advised, "Mr. Gordon Larkin from the State Disaster Office in Sacramento will be in San Bernardino, with his staff, and has requested that we set up this meeting in our Chambers and invite the citizens and Fire Departments who have suffered financial losses due to the recent tragic fires, to enable him to meet with them and advise them on ways and means they may employ to apply for financial assistance or re-imbursement by the State of California. I am hopeful that we may be able to help these people and lighten their burden of loss by at least giving them guidance and assistance in their time of need."

Heights homes threatened

Clearing the area

Homeowners, with the aid of teenaged friends and others, clear brush around a home in San Antonio Heights as smoke heralds the advance of the rapidly moving Lytle Creek fire. A backfire was set behind this range of homes Thursday evening to keep

the major blaze away, and was termed successful. No homes in the area were lost. A fire engine, at right of last man in photo, was located at almost every house here in case the winds moved the flames in.

40,000 acres lost

Firemen mop up; reseedling set

By BOBBE MONK

It consumed 40,000 acres. It started, apparently, from four firecrackers carelessly used. Because of it, "the most valuable watershed in California, if not in the United States," has been destroyed. "It" was the Lytle Creek fire that began in the Myers Camp area a week ago Monday. It rapidly consumed 8,600 acres, then waned enough to raise hopes of containment.

Thursday, Oct. 1, it waxed hot once more on the urging of the Santa Ana winds and for a time threatened to claim the upper reaches of Etiwanda, Alta Loma, Cucamonga and San Antonio Heights above Upland.

Many were the tales of heroism, neighborliness and Good Samaritanism that took place at the height of the holocaust. The communities of Alta Loma and Cucamonga, again proved that in time of trouble they were indeed "their brother's keeper."

There are still 300 men on the fire line as this is written. Most of them mopping up in the upper reaches of the blaze that stretched from Cajon Pass on the east to Santa Ana Canyon on the west, Cucamonga Peak on the north and Baseline Avenue (between Haven and Etiwanda Avenues) on the south.

These men and necessary equipment will remain on the fireline until the fire is completely out, or until rain has extinguished all remaining sparks.

Then what? According to Hatch Graham, staff officer for the San Bernardino National Forest, the next move is obtaining money to reseed the burned area.

A request has gone to Congress for \$10,000,000 to obtain seed for all the watershed fire areas in Southern California.

"We are confident that legislators will support our plea," Graham said, "and we hope people throughout the country will recognize the need."

With the funds, the expectation is that reseedling will begin by the end of October to take advantage of the first winter rains in November. Cooperating to handle the mammoth project will be the Soil Conservation Service, U.S. Forest Service, California Division of Forestry and the San Bernardino County Flood Control District. Graham said that "large numbers of volunteers have offered to

help" in the reseedling effort and where possible, they will be used. "We will lay out an area for the people to work in, and have the seed available," he said.

Many persons have also offered funds to buy seeds and this money will be used "to get into the seeding mix what otherwise would not be used, such as wildflowers for beauty and legumes for animals to eat," Graham said.

He said Congressional appropriations would be used only for plants to handle the immediate watershed problem, but not necessarily for lana vetch which produces innumerable seeds high in protein for seed-eating birds, rabbits and rodents, or flower seeds to beautify the countryside.

"In addition to reseedling the burned areas, the U.S. Forest Service and the Conservation Service will request assistance from San Bernardino County to construct diversion channels and debris basins below the fire areas."

"Even with the best of luck in seeding, we expect millions of cubic yards of mud to come off that watershed if a large storm hits here," Graham said.

He indicated that during the first year after such a fire, enough mud and debris could come off the entire burned range above the Etiwanda-Mt. Baldy area to cover an area the size of 100 city blocks at a depth of 3 feet.

Graham said that reseedling was a "gamble at best" and "not a panacea for all problems".

Like a farmer, seed crops depend on the weather and other conditions. Applied the most economically by plane, the seed could slide down hills, be blown off ridges and unprotected areas by winds, be lost to rodents, birds and bacteria if reseedling is followed by a dry period; be washed off during an intense rain which would come soon after seeding; etc.

Providing good spreading, gentle rains and good weather conditions, the plants do have the ability to hold the soil.

Graham said they hope to have enough grass established by January and February, when the heavy rains usually fall, to prevent heavy mud flows.

"It's a gamble," he said, "but one that every taxpayer wants us to make."

Out of my mind

BY
JENNY KIRKPATRICK

Pets-a-go-go

It is simply not true that cats can shift for themselves and it is sheer cruelty to "throw them out in the street," after you have fed them.

In fact, cats cannot survive any more on the streets. They are periled by the same things that peril us all, over-crowding.

Once when there were farms with fields of space and the cat could catch mice and other edible things, he could survive. However, today he cannot survive on the city streets. Don't give a cat a home unless you want him. And if you must give him up, get him a new home or take him to the nearest Humane Society. It is far better for him to be put to sleep than to starve to death on the streets.

As for dogs, the same code applies. Because he is a menace to humans by way of rabies, he is picked up by the Pound, his fate is not much better than the cat.

Do buy him a license and do put it around his neck. It will do him no good resting in your pocket or purse or in the nearest drawer. If he does not lost, he can be identified

by his tag, but if he does not have a tag, he may well be put to sleep. Please do not be the executioner of your furry friend.

The Week That Was

This is FIRE PREVENTION WEEK. What an ironic time for it. You might want to review with your family again, the safe way to evacuate your home. People who have to evacuate their homes during a fire show a tendency to take odd things, like one tennis shoe, bottle of milk, or a sewing kit, especially with fire lapping at their heels. Most people questioned later say they would take their children, pets, family albums and mementos and a few hardy sportsmen their fishing tackle and golf clubs. Seldom does anyone mention money.

This is NATIONAL PTA WEEK. The organization was founded in 1897 as a volunteer group and has 40,000 units throughout the world.

This is NATIONAL 4-H WEEK. This group is celebrating 56 years of usefulness and has the theme of "We Care." A 4-H display is currently on exhibition in the Montclair Plaza.

This is NATIONAL NEWSPAPER WEEK. 200 years of freedom of the

press based on the first amendment.

"Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances." -- First Amendment -- United States Constitution.

The essence of this amendment is simply this, if I take away your freedom, ultimately I will lose mine, and then we all lose.

Is Women's Lib a passing fancy?

Is the women's liberation movement here to stay? Or is it only a temporary tempest, a passing fad?

Will it affect the family? Marriage? The community? Business? What will it do to relationships between men and women? Women are speaking out. What are they saying?

Speakers ranging in perspective from militant to conservative will present the various ways women are responding to the controversial movement.

By Bobbe Monk

Although I'm beginning to feel like the Holocaust Editor of the Cucamonga Times-Upland News, I'm still proud to be covering the Cucamonga District which again came to the aid of neighbors in distress.

In 1969 I covered the floods that hit the district and was impressed by the neighborliness and care for others. This time it was fire.

There were cases of friends hiring vans and bringing them to others in homes most threatened in case the vehicles were needed. Many people watered down roofs of neighbors absent and unaware of the danger to their homes. Many teenagers, in the Cucamonga district and in Upland, volunteered to man the fire lines, or helped clean up brush areas around threatened homes. Restaurants throughout the area volunteered food.

Alta Loma and Cucamonga fire fighters were aided, abetted and fed by their wives and members of their community who showed up with sandwiches, cupcakes, cookies, etc., until there was room for no more at the Alta Loma fire hall, clearing area for the food.

Women from the Alta Loma Alarms and the Cucamonga Cal-Flames, fire auxiliaries, stayed up almost all night, got a little rest, and returned the next day to make sure the firemen were fed, and additionally took extra food up to Forestry and other firefighters on the lines.

Many thanks are due those throughout the district who provided food. Manning the Alta Loma food brigade were Alarm members Judy Longo, Dolores Bryan, Dolores Spiers, Madonna Petra, Joan Rizzo, Bonnie Shipley, Joanne Fort, Lulu Reiph, Esther Billings, Joan Horn and fire commissioners' wives Elsie Hogan-camp and Mildred Allen. Other helpers were Brenda and Mike Gilliam, Sandy and Adair Niles, Floria Spiers, Donna and Sue Bigley.

Cal-Flames helpers were Kathy Cox, Linda Mackall, Jeep Degner, Barbara Gakley, Lorraine Bailey and Terri Navarrette.

Much was donated from Col. Sanders Kentucky Chicken, the Pizza Palace, Upland; the Holiday Inn, Ontario; Lucille's, Upland; Winchell's Donut House, Sunrize Market, Alta Loma; Bill's Ranch Market, Upland; the Baker and Houtz egg ranches, Alta Loma.

Other food had to be purchased and donations to pay off these bills will be appreciated. Donations may be sent to the Alta Loma Fire Hall, Amethyst St., Alta Loma, in care of Fire Chief Eugene Billings.

According to Hazel Billings, wife of the A. L. chief, one need does exist. The Harry Merritts of Etiwanda were burned out with only the garage saved. They are in need of clothing and housekeeping items.

Despite the rain in the middle of Saturday morning that caused breakfasters to hie themselves to shelter under the roof of the Bank of America building in Cucamonga, and the foregoing fire, the Alta Loma-Cucamonga Kiwanis had plenty of takers for their annual pancake breakfast.

Actually, if you were hungry, it was a good day to visit Cucamonga, breakfast with the Kiwanis and lunch at the bank after viewing the brand new offices of the First National Bank of Cucamonga.

Dropped by to take a picture and visit momentarily with a busy and happy Lee Sherrard, manager of the Spanish-influenced new building. Love the bright red carpeting and immensely enjoyed the Mariachi del Valle group who added just the right atmosphere to the gala event.

First winner

Mrs. Pernie Walla of 7399 Via Serena, Cucamonga, was the first treasure winner of the First National Bank and Trust Company Grand Opening Saturday, Oct. 3. The bank opened its new Spanish-styled, red-carpeted home at 9555 Foothill Blvd. Pictured with Mrs. Walla, left, is Lee Sherrard, manager of the bank, and Betty Bennett, bank employee.

Mini, midi, maxi or?

The Women's Council of the National Association of Real Estate Boards, Ontario-Upland-Chino Board of Realtors, is planning its annual dinner-dance and fashion show Oct. 21 at Orlando's Restaurant, Pomona. A sneak preview of the fashion show features models: from left, Jackie Holz, Audrey Leach, Rosalie Kamansky, Gloria McGinnis, and Ruth Meints. Fashions provided at the courtesy of Eddie Levine's, Euclid Ave., Ontario. Tickets may be purchased from any member of the Women's Council or from the Board office located at 217 E. A St., Upland. Women's Council President Rosalie Kamansky says proceeds from this social event are for scholarships to students wishing to study real estate.

Little League meet set

The Vineyard Little League board will meet tonight Thursday, Oct. 8, in the Central School auditorium. This is the first open board meeting of the 1971 officers. Managers, coaches and interested members of the community are invited to attend.

Riles to speak here

Wilson Riles, candidate for state superintendent of public instruction, will speak in Upland at the Upland Elementary School Auditorium Wednesday, Oct. 14, at 7:30 p.m. according to Roy L. Siegel, recently named chairman of the West End Committee for Riles.

Riles will be introduced by Hal Bailin, member of the Upland City Council.

Siegel, professor of electrical engineering at Cal Poly, notes that the Riles committee plans to promote the candidacy of Wilson Riles by providing speakers and planning coffee hours in his behalf.

Chamber to meet

The Cucamonga District Chamber of Commerce will meet Tuesday, Oct. 13, at noon at the Regina Winery Restaurant, 12892 Baseline Ave., Etiwanda.

Readers' forum

Dear Editor:

Please accept the thanks of the Central School District Board of Trustees for the publicity and editorial support which you gave to our recent bond interest election. I am sure that we would not have done as well as we did if we had not had the concerned co-operation of the local news media. Even though the elec-

tion was lost, it is nice to know that those people who exert influence through the press are willing to espouse causes which are sometimes unpopular or may not always be successful, but which the news people feel are for the good of the community.

Thank you again,

Donald R. Sperry
District Superintendent

The winners were Mark Blackwell, a student at Serrano Junior High School who won a volleyball set and Carol Trigiani, a student at Montclair High School who was the winner of an official basketball.

Domestic arts

MONTCLAIR -- Mrs. Marty Tauber of Montclair was one of nine West End residents to receive awards in the Domestic Arts competition at the Los Angeles County Fair.

Lawn sale

MONTCLAIR - The wives of Montclair firemen who belong to the Montclair Fire Department Auxiliary hope to raise enough funds at a rummage sale to purchase a "Resuscitator Anne" and, at the same time, increase the items in their "Emergency Supply Closet".

The organization is seeking donations for the sale of household items, discarded furniture, glassware, white elephants and clean, usable clothing.

The lawn sale will be held October 9 and 10 from 9 a.m. to 6 p.m. at 4806 San Bernardino St., Montclair.

Proceeds from the sale will be used to purchase the Resuscitator Anne, which the Fire Department personnel intend to use for life-saving training at local schools and for organizations in the community.

Items not sold will increase the supply closet that is used for needy-fire-disaster families in the city.

For pick-up service, call 624-4964 or 626-0356 or bring items to 9761 Felipe Ave., north of Montclair High School.

Californians camp cheaply

State Parks and Recreation Director William Penn Mott Jr. today announced that reduced price, off-season camping tickets are now being offered for sale. The tickets cost \$10 for a booklet of ten, with each ticket good for one night's trailer, Class A, Class B, or Class C camping at a state park campground. The tickets are good during the off season only at all state parks except Doheny, San Clemente, San Elijo, and South Carlsbad State Bea-

ches in Southern California.

The off season for non-desert parks is Oct. 1 through Feb. 28, and for desert parks is June 1 through Sept. 30. Desert Parks are Anza - Borrego Desert, Joshua Trees, and Mitchell Caverns State Parks; and Salton Sea and Picacho State Recreation Areas.

"The purpose in making these off-season camping tickets available," Mott said, "is to encourage more use of state park campgrounds during the

less busy periods of the year.

"Except for the high mountain parks and the desert parks, California enjoys beautiful camping weather almost the year 'round," he added.

The ten-ticket booklets may be obtained at the parks or by visiting, or sending a \$10 money order to, the Reservation Office, State Department of Parks and Recreation, 1416 Ninth St., Sacramento 95811.

The San Bernardino County Counseling and Guidance Association serving counseling personnel of school and community agencies through their county-wide organization, is sponsoring a mini-conference, "Adolescents in Crisis," at California State College,

San Bernardino, Saturday, Oct. 24, from 9 a.m. to 5 p.m. The Office of Continuing Education at

the College is hosting the conference and will give one unit of college credit, under course No. X-871, to those who desire it.

"Adolescents in Crisis" will be led by two experts in crisis intervention, Dr. Michael Peck and Dr. Paul Pretzel, co-directors of the Los Angeles Suicide Prevention center.

Attention will be focused upon four areas: (1) suicide, (2) psychosis, (3) drugs, and (4) running

away. During these crises, counselors need the ability to recognize such incidents. Specific training will be provided which will enable counselors to recognize the kinds of behavior evidenced by persons in crisis and to learn techniques for dealing with them. The conference is open to all counseling personnel, both of the school and community agencies.

Registration, limited to a first come - first served basis, closes October 19.

Checks for registration in the amount of \$6 should be made payable to SBCCGA, and mailed to P. O. Box 583, Redlands, 92373.

Luncheon, which must be reserved in advance, is an additional \$2.50. For those desiring the optional one unit college credit, the fee of \$4 additional is payable to the college at the time of the conference. Participants for college credit must remain for the whole session.

Art teacher sells articles

By Jane Colombo
Alta Loma High School

Last summer Clark Heiple, an art teacher at Alta Loma High School, had two ceramic articles accepted by art magazines.

The first article, "Our Sun Gods," was a two-page article published by School Arts Magazine.

The examples of art work were done by Laura Campbell Post.

The second article, "Animal Banks," was published in March by the Arts and Activities Magazine.

Examples of the art work pictured in it were by former Alta Loma students Elaine Garman and Linda Martin.

Heiple recently sold an article to Arts and Activities which will be published in the near future.

The art work was done by a senior at Alta Loma, Mike Perez. The article is entitled "Ecology of a Pier."

The money Heiple gets for the articles he splits with the students.

Heiple has been writing articles for twelve years. Up to this time he has had eighteen articles printed by various art magazines.

He is currently writing three articles which he will submit in the near future.

Braille Club

By Diane Yoder
Alta Loma High School

A new club appeared early last year at Alta Loma High School called the Braille Club, and no one thought much about it.

other small do-nothing club.

The break came when the Cucamonga Lions Club agreed to sponsor them, and equipment was ordered.

Mrs. William Kelber from the Braille Institute taught the members how to write braille and use the equipment. As soon as it came, they started transcribing books for blind children. When the books are finished they are donated to the Braille Library in Pomona.

The community really took notice when an anonymous donation of \$100 was received by the club's president, Linda Mastin, in March.

The donor specified it be used for a braille writer, which is like a typewriter except that it has just six keys. A few months later, another \$100 donation was received earmarked for the same purpose.

The Lions Club topped the year off with \$250 for more equipment. Braille Club is very grateful to these people for the help they have given them.

The club now has two braille writers and several manual sets. Braille writers will be used this year by members completing the greatest number of books a month.

The club plans to get two more braille writers

during the second semester. The club's advisor is William Chapman, an English teacher at Alta Loma High.

Currently the club is looking for new members. They will be holding elections early in October.

Ecology Club

By Bruce Wilcox
Alta Loma High School

During "Earth Day" last year a small club was formed to see that this day was fully observed by all at the Alta Loma High School. This club is now known as the "Ecology Club."

The club's first goal for the new year is to organize a group of slides to be shown to the freshmen students, urging them not to litter their school or any other place they may go.

Its sponsor, William Kimmich, organized the group to help with the painting of ecology signs for the high school campus. However, the club has grown and has taken on new responsibilities.

The second goal is to make a film, designed after an anti-pollution film made by Chaffey High students. This film will be shown later in the year.

Among other activities, the club will hold a pop bottle drive and a paper drive.

Foreign Exchange Student

By Robin Stewart
Alta Loma H. S.

Alta Loma High School is once again honored to have a foreign exchange student on campus.

She is Nitzia Gisela Santiago, residing with her American sister, Mary Archibald, daughter of Mr. and Mrs. H. A. Archibald, 7939 Valle Vista Dr., Cucamonga.

The American Field Service, which holds an annual "White Tag" sale in cooperation with local stores, sponsored Gisela's trip to the states. AFS has student clubs on several local campuses.

Gisela is from David, Panama, the third largest city. There she attended a school similar to the vocational training schools in the United States.

On her arrival in the United States, Gisela spoke only a few phrases of English. Now she speaks fluent English, as well as conversing with Spanish speaking Mexican-American students.

Gisela was astonished by the broad curriculum provided by Alta Loma High School, in contrast to her strictly academic courses.

As an added sidelight of her stay in Cucamonga, Gisela remarks that there seems to be more to do and more freedom for American teenagers.

Poetry corner

Remember When?

Remember when hippie meant big in the hips, And a trip involved travel in cars, plans and ships? When pot was a vessel for cooking things in And hooked was what grandmother's rug may have been? When fix was a verb that meant mend or repair,

And Be-in meant merely existing somewhere? When neat meant well-organized, tidy and clean, And grass was a ground cover, normally green?

When groovy meant furrowed with channels and hollows, And birds were winged creatures, like robins and swallows? When fuzz was a sub-

stance, real fluffy, like lint, And bread came from bakeries and not from the mint. When roll meant a bun, And rock was a stone, And hang-up was something you did with a phone? It's groovy, Man, groovy, but English its not. Me thinks that our language is going to pot.

To My Son

The bottles long ago were broke; The diapers are no more. I don't see that teddy bear That was always on the floor. I wonder where that baby went, I don't see him any more. In his place is the little guy That just ran out the door. Oh time -- you move too swiftly All too soon I turn to see I no longer have a baby To bounce upon my knee, "Turn him loose! Let him go!" The books say it has to be.

It sounds so easy written, But oh so hard for me. I know little boys can be fun With dirt streaked on their face, But time -- please do me a favor Move -- at a slower pace! He, who once, not long ago I bounced upon my knee, Now slams the door and rushes in With a lizzard tail for me. Let me enjoy this little boy; Please slow down if you can, So fast you took those baby years. I turn around -- and he'll be a man, Donna McGee

NAVY WIFE

By Dorothy Bordenave
I shall go as a delicate
Wide-eyed cat
And when the weather's
hard
Calm it with my cool re-
gard.

Or, presenceless, stow-
away.
Be small, say
And with my heart de-
fect
Harm, and make you cir-
cumpect.

I shall be the white flow-
ers
Of strange stars,
The lace whose trailing
curl
Follows the keel as knots
unfurl.

I shall work, strengthen-
ing the hull.
Be the gull
Dipping above the wake.
Keeping the watch with-
out a break.

Daily pace fore and aft,
Bless the raft,
The mess, the bunk. My
dear . . .
Yet wait in the white town
here.

FOOD SECTION

The ABC of Back To School Snacks

APRICOT PUDDING

- | | |
|---|---|
| $\frac{1}{2}$ cup firmly packed tapioca | $\frac{1}{2}$ tsp. salt |
| 2 cups milk | 1 tbs. butter |
| $\frac{1}{2}$ cup sugar | $\frac{1}{2}$ cup sweetened chopped cooked apricots |

Combine tapioca, milk, sugar, salt, and butter in a saucepan. Let stand 5 minutes. Bring to a full boil, stirring constantly. Remove from heat. Cool 20 minutes. Gently stir in fruit. Serve warm. Top with cream, if desired. Serves 5.

APPLE HONEY TAPIOCA

- | | |
|---|---|
| 3 to 4 medium tart apples, peeled and cut into eighths (about 3 cups) | 1 tsp. grated lemon rind |
| $\frac{1}{4}$ cups honey | $\frac{1}{2}$ tsp. salt |
| 3 tbs. butter or margarine | $\frac{1}{2}$ tsp. cinnamon |
| 1 tbs. lemon juice | $\frac{1}{4}$ tsp. nutmeg |
| | $\frac{1}{2}$ cup quick-cooking tapioca |
| | 2 $\frac{1}{2}$ cups water |

Combine apples, honey, butter, lemon juice, lemon rind, salt, and spices in a large skillet. Cover and simmer over medium heat until apples are just tender. Baste apples occasionally with the honey mixture. Remove apples to serving dish. Add tapioca and water to honey mixture in skillet. Cook and stir over medium heat until mixture comes to a boil. Pour over apples. Stir after 20 minutes. Serve warm with cream or hard sauce, if desired. Serves 6 to 8.

MONOGRAM CRUNCHIES

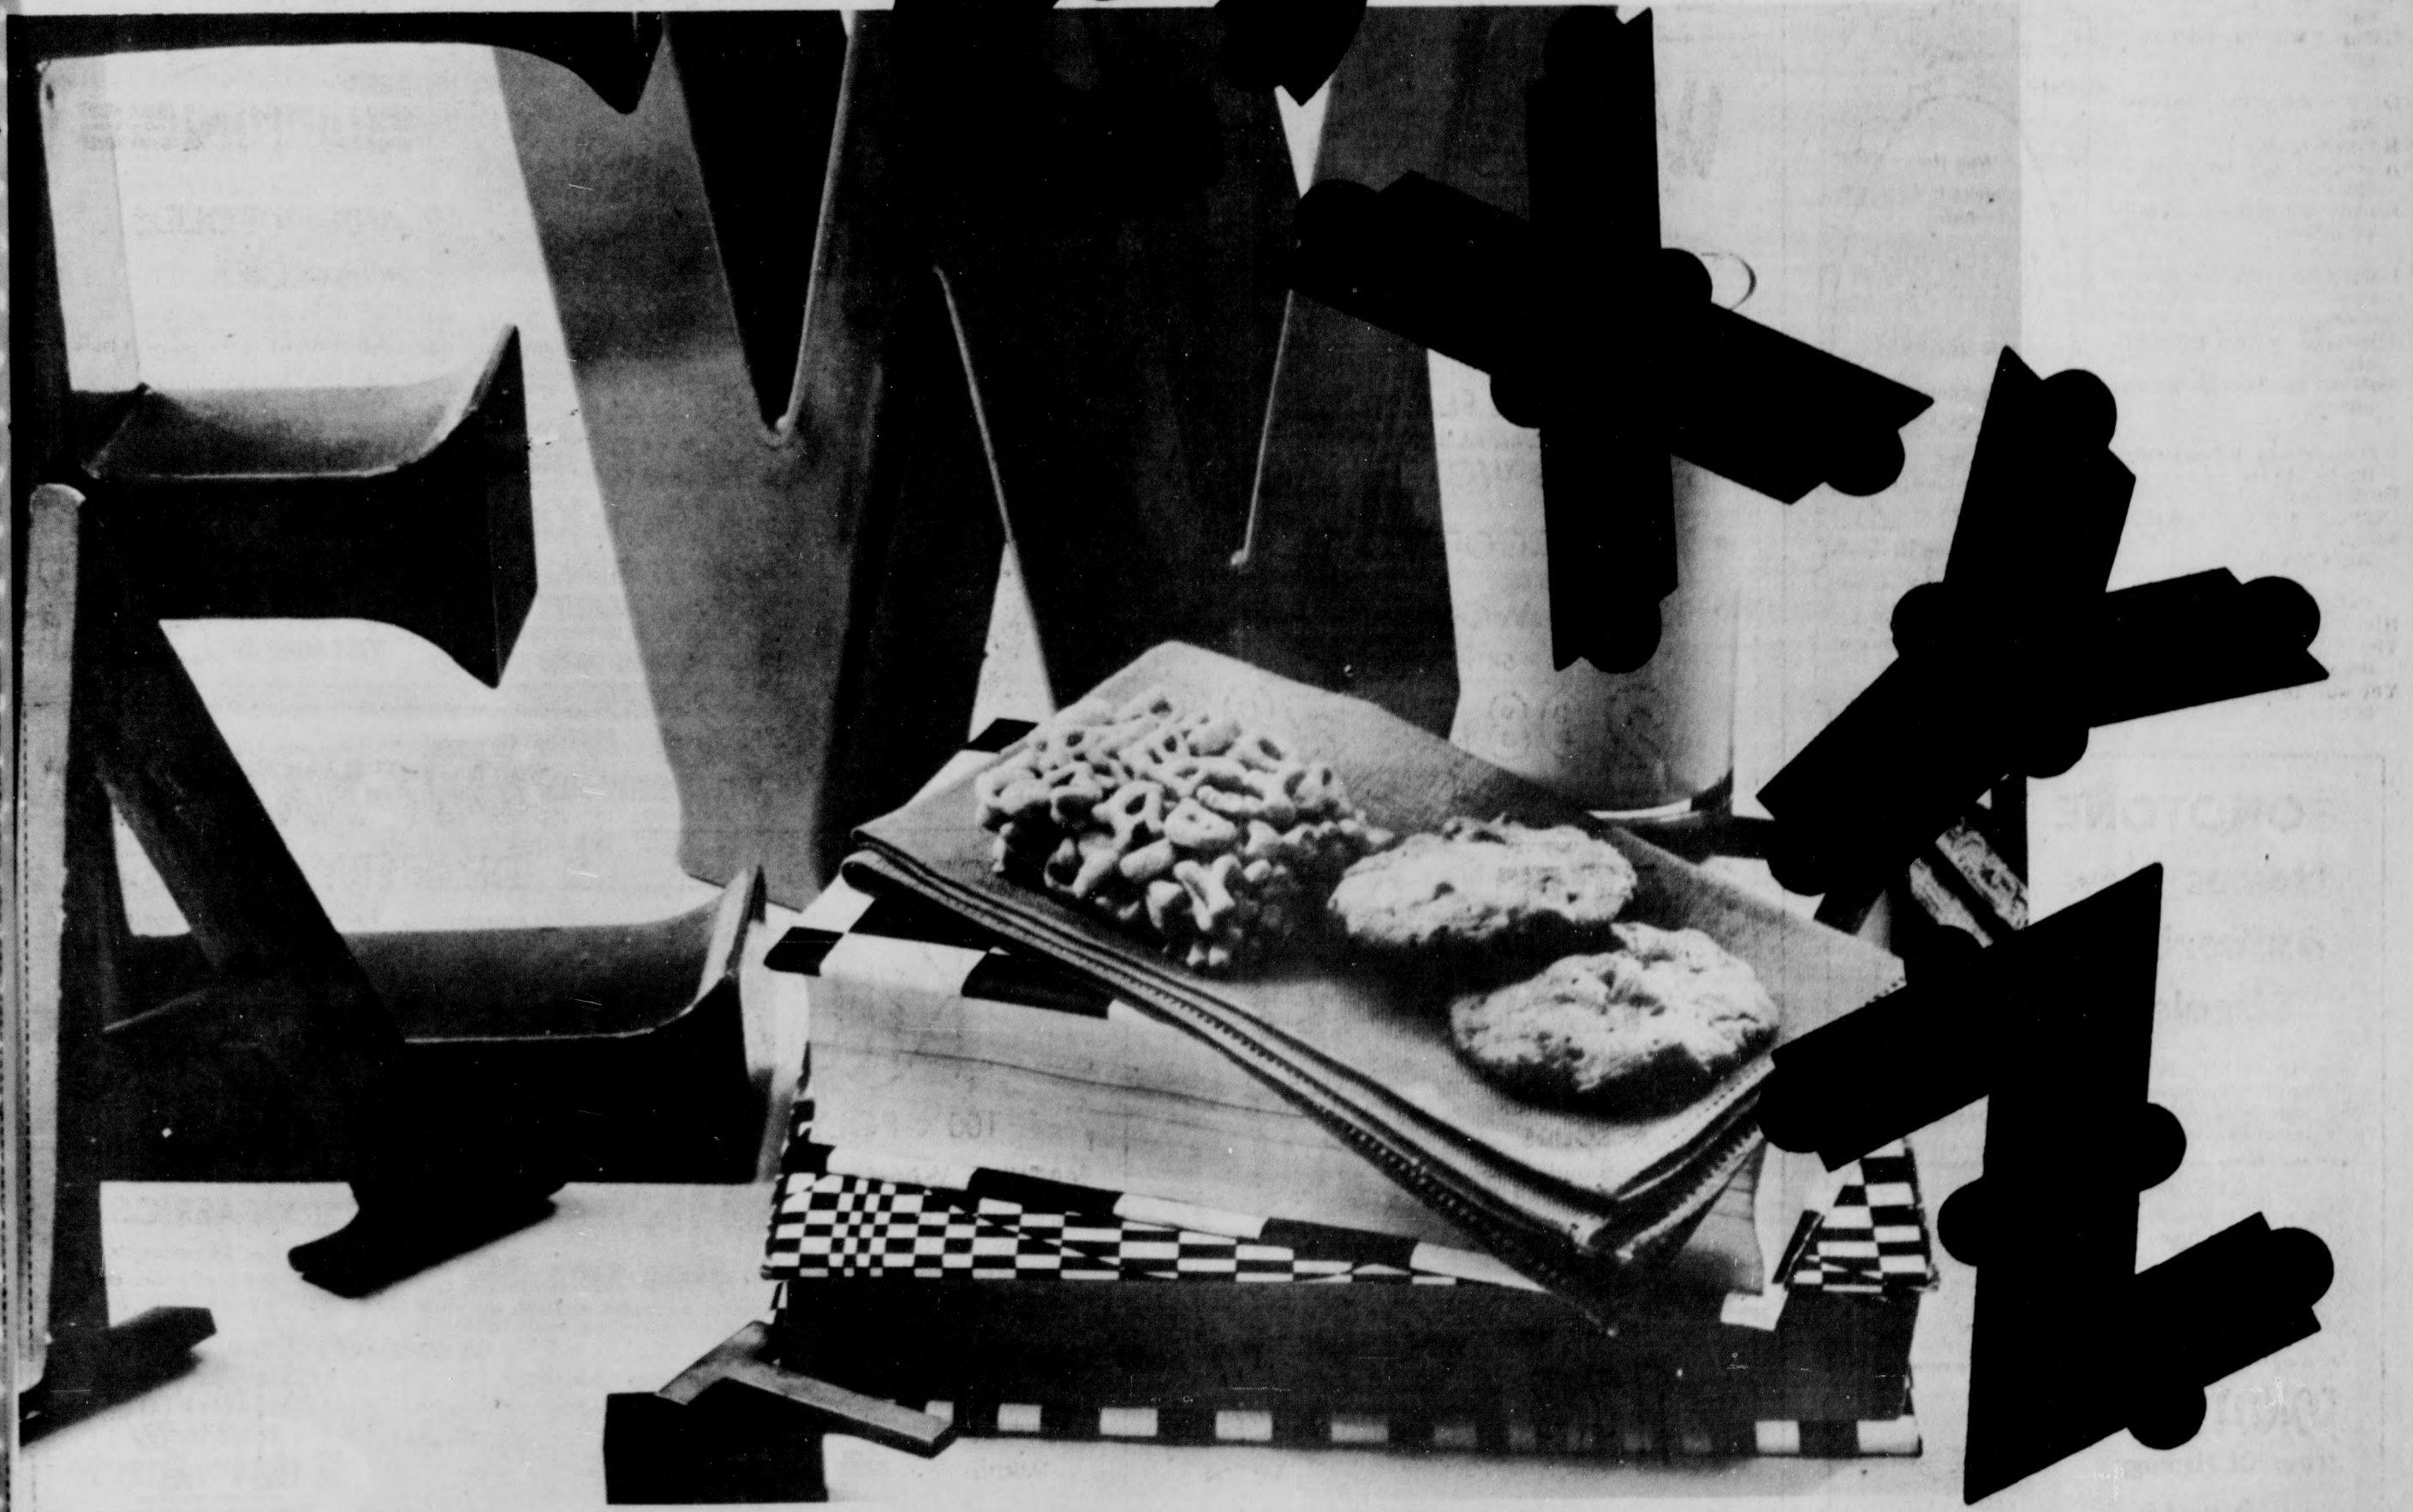

- | | |
|--|----------------------------|
| $\frac{1}{2}$ cup light corn syrup | 5 cups alphabet oat cereal |
| $\frac{1}{4}$ cup sugar | |
| 1 package (3 oz.) fruit flavor gelatin, any flavor | |

Combine syrup, sugar, and gelatin in a saucepan. Stir over low heat until sugar and gelatin are thoroughly dissolved—about 2 or 3 minutes. Place cereal in a bowl. Add gelatin mixture; mix well. Press mixture firmly into buttered 9-inch square pan with the back of a moistened spoon. Chill to set. Cut into squares to serve. Makes about 3 dozen squares.

HONEY CEREAL COOKIES

- | | |
|--|------------------------------------|
| 2 cups sifted all-purpose flour | $\frac{1}{2}$ cup granulated sugar |
| $\frac{1}{2}$ tsp. double-acting baking powder | $\frac{1}{2}$ cup honey |
| 1 tsp. baking soda | 1 egg |
| $\frac{1}{2}$ tsp. salt | 2 cups crisp whole wheat flakes |
| 1 cup butter or other shortening | 2 cups honey-flavored puffed wheat |
| $\frac{1}{2}$ cup firmly packed brown sugar | 1 cup flaked coconut |

Sift flour with baking powder, soda, and salt. Place butter, sugars, honey, egg, and flour mixture in a large mixing bowl; blend well. Add cereals and coconut. Mix thoroughly. Drop from teaspoon onto ungreased baking sheets. Bake at 375° for 8 to 10 minutes, or until golden brown. Let stand a few seconds before removing from baking sheet. Cookies will become crisp when cold. Makes about 8 dozen.

Coombs opens headquarters

The opening of a West End headquarters for Senator William E. Coombs was announced by Martin Matich, campaign chairman.

Located at 8300 Foot-hill Blvd., in Cucamonga, the headquarters will have its grand opening on Thursday, Oct. 8, (today) from 5-7 p.m. with refreshments served.

Senator Coombs, Republican candidate in the 20th Senatorial District, and a host of his supporters in the West End, invite all to attend the opening. Regular office hours for the headquarters will be 10 a.m. to 2 p.m., Monday through Friday, beginning Oct. 12. Longer hours will be announced later.

The headquarters is under the direction of Mrs. Tim Dolan of Alta Loma. For further information, you may contact her at 987-3836.

Census Bureau

Questions on consumer buying and home improvement expectations will be asked by representatives of the Bureau of the Census in this area during October, according to Leonard C. Isley, Director of the Bureau's regional office in Los Angeles.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to Federal agencies and other groups in developing programs based on consumer spending patterns. A sample of residents in this area will be asked if they expect to buy a house, car, or major appliance during the next year and if they have made recent purchases of these items. Home-owners will be asked about home improvements and repairs during the last three months and any planned for the future.

In the second quarter of 1970, the survey indicated that consumer plans to buy new houses rose after a two-year decline while the percentage of families expecting income increases within 12 months had declined.

Information supplied by individuals participating in the survey is kept confidential by law.

The Census Bureau representative in this area is: Mrs. Edith L. Crinklaw, 22940 Arliss Dr., Colton, Calif. 92324

Trail ride plans made

Scheduled for Saturday and Sunday, October 24 and 25, is the 3rd Annual Calico Ghost Town Regional Parks Trail Ride, sponsored by the County of San Bernardino Regional Parks Dept.

The trail ride will start at 9 A.M. on Saturday morning from Calico and proceed through the Calico Mountains for approx. 2 1/2 to 3 miles, then

lunch and rest stop, and back to Calico.

The base camp for this trail ride is located south of the entrance to Calico and can be reached via Ghost Town Road off-ramp, seven miles east of Barstow on Interstate 15. Overnight camping facilities are available at \$2 per night, which includes entry into the Ghost Town.

Arrangements are being made to have rental horses available. Reservations for these horses are required and can be made through C. Lee Healy, Department of Regional Parks, 2555 Devore Road, San Bernardino, 92407.

In addition, a \$1 trail fee will be charged all riders, which will be used to defray expenses and to

promote hiking and riding trails. Riders must furnish their own lunches and canteens.

Cowboy coffee will be available at the base camp before the ride, and more coffee, and water for your horses, will be provided at the lunch stop.

Load your horses, pack up the family for this week-end.

Arabian Horse Show

The 45th year of the Sunday Arabian horse shows begin Sunday, Oct. 4 at California State Polytechnic College, Kellogg-Voorhis, Pomona.

Two performances, 2 and 3:30 p.m., are presented every Sunday October through November and January through May in the horse arena on campus.

Seating in the covered grandstand accommodates 1,500 persons.

The oldest campus tradition at Cal Poly, Pomona the horse shows were started by the late W.K. Kellogg of Battle Creek, Michigan on his ranch that later became part of the Cal Poly campus. Over the years thousands of visitors from all over the world have attended the Sunday

shows, which were originally established to promote interest in the Arabian breed and to educate the public as to the versatility, beauty and intelligence of the animals.

Currently more than one-third of the audience is children. Cal Poly staff and students who train and handle the horses also ride the Arabians in the show. The program features the Arabians under English tack and western stock saddle, and demonstrates their qualities as show-gaited horses and as jumpers and dressage horses. Their versatility is shown as trail horses, stock horses, riding horses, stock horses, riding horses, and for cutting cattle.

Before and after the

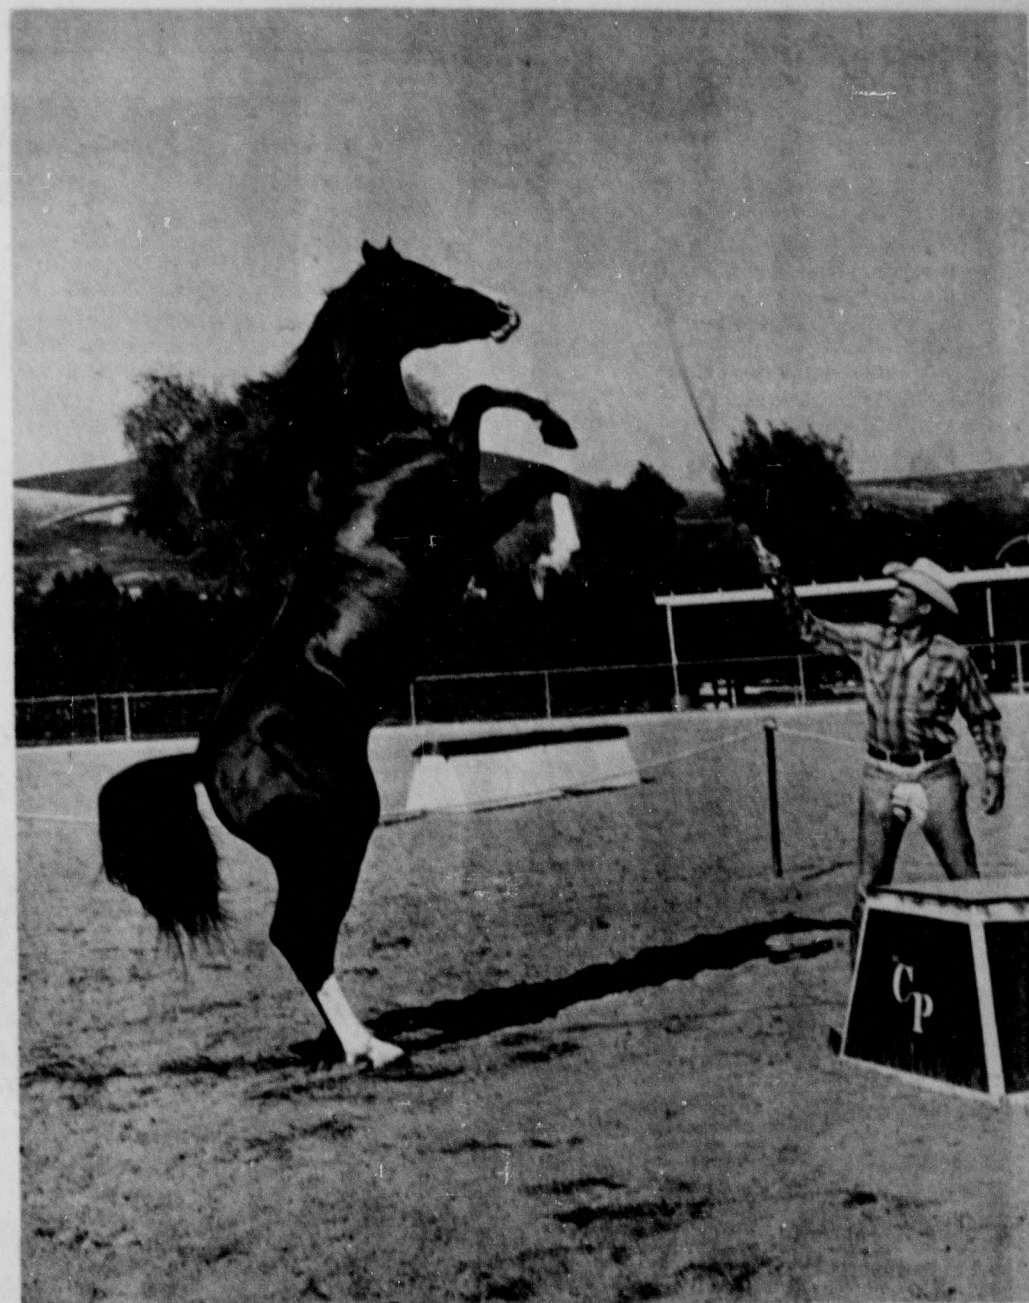

performances, visitors may see the displays of ribbons, trophies, and momentos from the early Hollywood movie-making days when the Arabians were used in films of daring and adventure.

The history of the Cal Poly Arabian shows goes back to 1925 when Kellogg bought his ranch in the Pomona Valley. Legend has it that during his penurious boyhood, a favorite horse which his family mistakenly believed to be an Arabian because his name was "Old Arab" was taken away in payment of an unpaid debt. The story goes that young Kellogg, comforting his weeping mother, vowed that someday he would buy her a whole string of Arabians.

Whether or not there is any truth in the tale, Kellogg did establish one of the world's foremost Arabian breeding farms which brought people from all over the world to visit the ranch and the Sunday exhibits.

In 1949 the W.K. Kellogg Foundation gave the 813-acre ranch to Cal Poly with the charge to continue the care and breeding of the valuable horses. Since then the Sunday shows have continued as a part of the college's agriculture education program.

Admission is 75 cents for adults and 25 cents for children under 12.

One of Cal Poly College's trainers shows off the talent of the school's prized Arabian horses. The horses are featured in Sunday shows at 2 and 3:30 p.m., from October through May. Price of the show is 75 cents for adults and 25 cents for children.

Film tells — Readers' forum —

sad tale about cats

The Humane Society of Pomona Valley has available for showing a 15 minute movie, which is both interesting and educational. The movie titled "The Perils Of Priscilla" exposes a true picture of the cruelty, hardship and dangers that await stray, abandoned or lost cats. As seen through the eyes of a cat "Priscilla", we see first hand why stray animals are a matter of prime importance for all communities who are concerned about health and safety.

The film has been approved for children of all ages. A humane education teacher will gladly show the film for schools, adult organizations and youth groups throughout the Valley.

However, Bruce Richards, executive Director of the Humane Society stated that this year the society is operating on a very austere budget and cannot afford to purchase their own projector. Any school or organization that would be interested in viewing the film should provide a 16mm sound projector. Those interested may call the Humane Society at 622-1059.

Cucamonga
Dear Editor:
Seems a shame how some things have changed. As kids we used to anticipate Halloween. To tell the truth, it concerns me when I hear my little ones as they talk of the upcoming Halloween. They have heard about the razor blades in apples, and the candy-like pills people have been known to give out. They know of the mean-mean pranks pulled on kids.

I heard one of them state that she wouldn't go to this particular house because the teenager there takes drugs.

I have personally witnessed kids being so frightened by a "staged act" of a ghoul, that in running away from the door of this terror, a little four-year-old girl was trampled down by several other frightened youngsters.

It is too bad we have such creeps running around loose that they can, with their sick minds, ruin an otherwise happy occasion. We as parents have talked the "goblins" out of their pranks over the years, but now we must work on the "adults".

This year in order to be safe, and so my kids won't be subjected to any of this nonsense, I am again going to walk them around door to door, but this year it will be to the

doors of our friends. I encourage other concerned parents to do likewise.
James L. Dimmitt
San Dimas

Dear Mrs. Kennan:
I want to personally thank you for the very good coverage you have given the church since you took over being the San Dimas Press worker. I enjoy your own articles, and know many people of whom you speak as I have lived here for 22 years, coming from Arcadia.

I find many problems of government and city programs have the same trouble Arcadia had 30 years ago. I had hoped to avoid some of them here, but, unsolved problems are everywhere now.

Mrs. Helen Adams
Rowland Heights

Dear Editor:
We would like to express our thanks to all those who volunteered their services in putting out the fire in the Rowland Heights area on Sunday, Sept. 27. Were it not for them, and the leadership of those experienced in fire-fighting, we would have lost our homes.

There is a great feeling of satisfaction to know that there are always those who are ready to give of themselves in a time of need. Our family is very grateful.

Sincerely,
L. W. Looker

And it's National Fire Prevention Week

Waiting, watching, wetting--this is the week that was

Photos and story by JANNLEE BROOKS

The rabbit scurried across the field. A spark caught a giant eucalyptus tree and within minutes the field was a blazing inferno. And the men fought the fiery intruder in a head-on duel.

With the field secured, but smoldering, men and equipment left. Down the street and around the corner another hot-spot awaited their arrival.

Meanwhile, residents had received the word - "evacuate".

The fire wasn't pernicky. Old homes, new homes, homes with a mortgage and homes paid for - all were in crass danger.

With haste residents packed important papers, pets and children and left. Hours later they returned to find homes intact - smoke-ridden, but still standing.

And further west, men and equipment were fighting to save other residential areas.

The rabbit? He and hundreds of other woodland animals like him weren't so fortunate. Neither were the woodlands, for that matter.

Wildfire had struck the West End communities. Uncontrolled, uncontained and unfightable. As long as the blaze chose to burn in the foothills, men and fire-fighting apparatus could not be used. Turbulence in Cucamonga Canyon kept aircraft grounded and so the fire burned wild.

Flames licked down into the lowlands and the fire-fighters were ready. Men and units had been posted at the northern outskirts of each West End community waiting, waiting - just in case. Often times the waiting game paid off and hot sparks and embers were quickly extinguished before they ignited lowland

fields and brush. More often than not, the waiting game was unnecessary - the fire had decided to stay in the foothills and the wind was in a cooperative mood.

But the men stayed and waited. Eyes scanning the foothills, thoughts of home and families and much needed sleep on their minds.

The sleep came Friday afternoon. The northeast winds prevailed and it was the Cajon Pass area now in trouble.

The West End is cleaning-up now. Ashes are being washed off roofs and driveways and soot off windows. The smokey odor will persist for awhile yet and next week the smog will be back. Far-sighted citizens are looking to the winter rains and questioning possible floods.

And only time can answer their questions.

FASHION DESIGNER REDUCES FROM SIZE 18 TO PERFECT SIZE 12

MRS. HURMAN REDUCES FROM 171 POUNDS
TO 124 POUNDS . . . STILL GOING DOWN!

Here you see Miss Hurman when she was 171 pounds. She had tried various tablets and diets but they had a bad effect on her nervous system. After reducing to a perfect size 12, Miss Hurman said, "I am delighted with Pat Walker's marvelous reducing program."

Here you see Miss Hurman shortly after starting with Pat Walker's Reducing Program. She said, "I am grateful to a close business associate for advising me to go to Pat Walker's. I look forward to my regular visits and enjoy every minute of it."

as told by
Miss Pat Hurman
Five Dock, N.S.W.
Sydney, Australia

I am absolutely delighted with my results from Pat Walker's program and I feel much better in health. I have a great deal more energy and I feel I am able to wear the elegant garment I have been designing as a dressmaker for my clients.

When I first approached Pat Walker's Figure Perfection Salon in the hope of losing some of my excess weight I really had no idea how very successful this would prove to be. It is so wonderful to have everyone now comment on my new slim figure.

Before attending the Pat Walker Salon I wore a size 18 and when recently making a purchase, I automatically asked for this size. I was so thrilled at the sale assistant's surprised response that I could not possibly be more than a size 12.

I have reduced a total of 47 pounds and 5 1/4 inches. I have lost 5 1/4 inches from my bust; 6 1/4 inches from my underbust; 5 1/4 inches from my waist; 8 1/4 inches from my abdomen; 9 inches from my hips; 9 inches from my thighs; 6 1/4 inches from my knees and 5 inches from my calves.

— Miss Pat Hurman

PAT WALKER SPEAKS UP ON FASHION TRENDS

Invites Women to
Voice Their Opinions
on the New Skirt Lengths

"The whole idea of fashion for fashion's sake is being shunned by the world over," states noted fashion and figure authority Pat Walker, on return from Australia.

As a businesswoman with a purpose in life, Miss Pat Walker, International Figure Authority, constantly converses with women the world over and finds that the greatest universal language of the feminine world is FASHION AND FIGURES. She is undoubtedly an expert in both fields, as an international figure authority and a frequent judge of international beauty contests.

"On a recent trip to Australia, the subject everywhere was current fashions, especially the new, longer skirts," says Miss Walker. Interviewed at the airport in Honolulu on her return from Australia, Miss Walker had much to say about her own feelings and that of women the world over about the controversial new skirt lengths.

"Fashion designers have lowered the boom on skirt lengths, but women are not accepting them," states Miss Walker. "In my travels I talk to our patrons and other women from all walks of life; all income levels and all ages. My recent trip confirms my own belief that women will not know to the dictates of fashion, simply because fashion designers have so decreed a style should be worn. For instance, she continues, "A patron of ours in Sydney, a career woman, complained, 'I think the new longer look is unbecomingly and unflattering.' In Kailua a schoolteacher said, 'The shorter dress is here to stay and I will make my own if I can't find them in an apparel shop.' A fashion designer in Honolulu admitted, 'I have yet to see a woman whom I truly feel looks attractive in the new styles. The mid-calf and longer look is certainly not appealing.'"

"Men are rejecting the new look," continues Miss Walker, "and that is probably the final criterion. Any woman who is a woman dresses for a man although the man may not know if the new look is called midi, maxi or longuette, he certainly knows what it looks like and most men don't like it."

"It's time women realize that this insidious way of getting them to buy a new wardrobe every year is simply not going to work," says Miss Walker. "Women are interested in their figures . . . I know, because we have reduced over 5 million women internationally and given them new figures. During

my twenty year career in the field of fashion and figures, I have never endorsed a product, or taken sides on issues concerning either subject. But there has been so much clamor, so many women have called in to ask my opinion and to tell me how disappointed they are when they try on the long skirted fashions, which do not flatter them, that I simply had to speak up for myself and for the hundreds of women who have voiced their feelings to me.

I urge women everywhere to let their opinions be known. I will gladly publish your letters of response, if you will direct them to your local Pat Walker salon. You'll find the addresses in our ad, adjacent to this column. Let's let the buyers of women's clothing, the designers who are trying to make women look less like women every year and all those who think they are going to mold our looks, know that women internationally are saying, 'It will not happen.'

LV posts second win

LA VERNE -- La Verne College's mighty Leopards rolled over St. Mary's Saturday for an easy win, 21-0, making it the second week in a row when La Verne blanked its opponent.

St. Mary's managed only 100 yards in the game, while La Verne totaled 335, including 296 by air.

The Leopard hero was Fred Long, who caught 7 passes for 19 yards and a touchdown.

Long also connected on

a 14-yard TD pass to Mike Daniels. Quarterback Jim Nottingham threw a 65-yard pass to Long for the first TD, early in the second quarter. At halftime, the Leopards led, 14-0.

Daniels burst through St. Mary's line for a 15-yard run to make the final touchdown.

La Verne is now 2-0 for the season. Mentors are Ben Hines, defensive; and Roland Ort-mayer, offensive.

The new gym

Father James Mitchell, principal, and ASB president Jim Kreuger display artist's rendering of the new Damien High School gymnasium, La Verne, which the school will dedicate at ceremonies on Friday, Oct. 9, at 7 p.m. Archbishop Timothy Manning of Los Angeles will officiate. Following, St. Monica's will sponsor a dinner-dance in the new gym. Reservations for the dinner may be made by calling Mrs. Clifford Moore, (213) 335-6339.

International goodwill

Representatives of the La Verne-San Dimas and Mexican Pop Warner teams gathered together recently in La Verne after an exhibition match to exchange trophies of goodwill. Pictured from left are Senorita Mimi; Norma Ramos, president of the Pumas Athletic Club; Eduardo Macharro, team physician, standing behind his wife; Dr. Julio Ramos and Jose Ramos. With the plate are Purcell Daniels, Viking Coach Gordon Moore, San Dimas Vice Mayor Tom Nuss and La Verne Mayor Frank Johnson.

60-18! Ouch!

Bonita whips Montclair

LA VERNE -- When head football coach Larry Zeno turned his Green Monster loose on the Montclair Cavaliers Friday night, it powered Bonita High to a 60-18 victory. The Monster was especially hungry since its enforced diet the previous Saturday at the hands of the Bishop Amat Lancers.

When the dust had cleared, the Bearcats had amassed 419 yards rushing and 177 in the air. It was the veteran running back Allen Carter who led the attack with three touchdowns. Carter had only 109 yards in 12 carries, but netted enough offense to down Montclair.

Carter received assistance from such expected sources as teammate Ray Anderson, who scored twice, passed for two TD's to end Dave Shamblin, and engineered a drive that ended in another score by Don Lawler. Big Fritz Sahl intercepted a Montclair aerial and galloped 51 yards to chalk up one for the defense.

Sharing the yardage were Curtis Frick, who gained 85; Mark Medeiros with 39, and Victor Blatch with 28. John Wallace's 14 yards and Greg Thompson, with 12.

Montclair's big and surprisingly good line withstood some heavy at-

tillery from Bonita and showed courage as several of the Cavalier's stars played both ways. The physical strain took its toll however, as the game progressed.

Montclair, in spite of the score, was well represented by Quarterback Gregg Campbell, Senior Halfback Stan Combs, and Backs Steve Moore and Dave Whited.

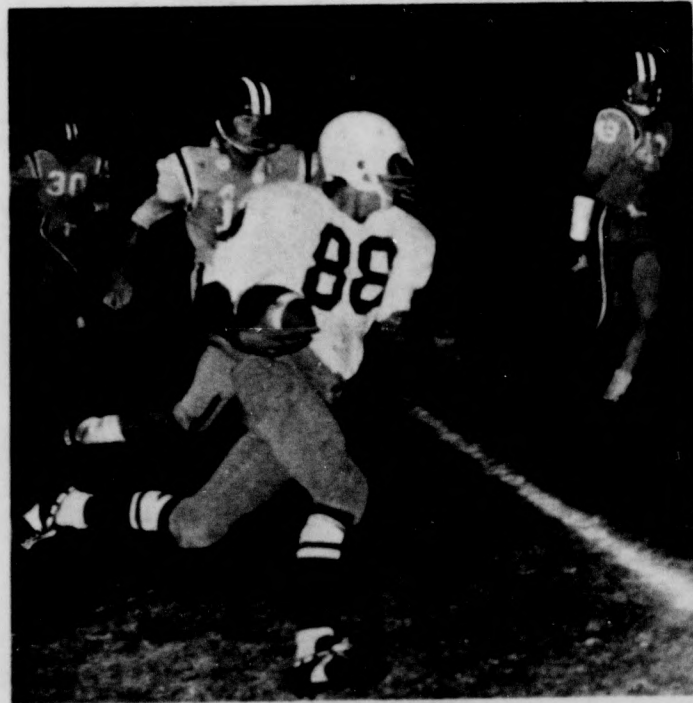

Bonita unfurled several reserve quarterbacks, with Terry Dipple and Greg Thompson being called upon to spell Ray Anderson with good results. Victor Blatch and Mark Medeiros both showed excellent promise carrying the ball.

Montclair had 64 plays from scrimmage to Bonita's 61. At one point in the third quarter the Bearcats racked up 6 first downs out of seven plays from scrimmage. In the passing department Anderson was 8 for 12, had one interception while Campbell was 11 for 26.

Steve Moore and Stan Combs accounted for over half of the 98 yards on the ground Montclair accrued.

Bonita will now invade the Ganesha Giants stomping grounds at Mt. SAC at 8 tonight.

Films of each week's game will be shown free of charge to Bonita Booster members at 8 p.m. each Tuesday at the Village Inn in La Verne.

Here's how!

Mike De Los Cobos evades Montclair tacklers during Bearcat's game against the Cavaliers Friday night. Bonita routed Montclair 60-18, and emptied its benches during the first league game.

'Amat smothers Spartans

LA VERNE -- Bishop Amat's powerful team, leaders in the CIF's 4-A top team, broke a few records in the game Friday with Damien High. Some 5,000 fans at Mt. San Antonio College watched Damien go down in lop-sided defeat, 51-12.

Amat's quarterback, Pat Haden, tossed 6 touchdown passes to break a prep record, even though he slowed down the third quarter, when he sustained an injury.

Haden's passes gave him 49 TD's in three years of play, to break the 47 now held by Bishop

Montgomery's Dan Graham in 1966. Damien never got in the game. Bishop Amat got off to a 28-0 lead in the first 8 minutes.

Rich Villanueva of the Damien Spartans intercepted a Haden pass on the Spartan 45 to sail for a 55-yard touchdown, while the second score was posted by junior tailback Joe Baumgartner's 76-yard march and an eight-yard run with 2:10 on the clock.

Damen, now 1-2 for the season, will host Sierra Vista and Bakersfield Highland before beginning Santa Fe League play on Oct. 23 at Cantwell.

Your superior court

(This weekly information about Los Angeles County Superior Court is provided by the 134 judges of the court as another service to the public.)

Los Angeles County Superior Court is the biggest trial court in the world - but it also handles a great number of appeals.

That was pointed out today by Superior Court Presiding Judge Joseph A. Wapner.

"If a party to a civil matter or a defendant in a criminal case in a justice or municipal court in Los Angeles County is dissatisfied with the verdict or judgment, he may appeal to the Appellate Department of Superior Court," Judge Wapner emphasized.

The three-judge Appellate Department considers and decides such appeals, and it is the final reviewing tribunal on appeals from the municipal and justice courts.

Presiding Judge Wapner explained that the judges in that department are designated each year by the Chief Justice of the California Supreme Court, in his capacity as Chairman of the State Judicial Council.

Serving in their third year in the Appellate Department are Judges James G. Whyte, Presiding Judge; Beach Vasey and Delbert E. Wong. Because of the volume of appeals, retired Judge A. Curtis Smith also has been assigned to that department.

Appeals the first six months of this year totaled 663, almost 90 per cent higher than the 346 of the first six months of 1969. And since the first of July, more than 120 appeals have been filed, indicating that the increase is continuing, Judge Whyte pointed out.

The total appeals for the last five fiscal years are as follows: 1965-66 - 752; 1966-67 - 735; 1967-68 - 811; 1968-69 - 787 and 1969-70 - 949.

Though the Appellate Department judges handle appeals as panels of three, the judges individually hear pleas for special writs that would affect municipal or justice

courts in the county or officials of those courts. The writs that are requested include habeas corpus, which seeks the freedom of someone jailed by an order of municipal or justice court, mandamus, which seeks to compel an action; prohibition, which seeks to prohibit action, and review, which seeks to subject an action to review by a Superior Court judge.

Presiding Judge Wapner pointed out that whenever there is an appeal from a small claims' action, in which the parties represent themselves, that it is in effect not an appeal, but a trial de novo or a new trial before a Superior Court judge. The reason for this is

because in small claims' actions, which are informal, there is no record which could be examined by a reviewing court, and there are no lawyers to prepare written arguments on the cases for a reviewing court.

Vacation time is a good time to make mechanical and safety checks on cars before taking long trips. Thousands of teenagers participate in the automotive program sponsored by the Firestone Tire & Rubber Company, and supervised by the Cooperative Extension Service.

SUMMERTIME with all its beauties of nature is the perfect time to learn about flower care and floral arrangements as these 4-H girls (and little brother) are doing. A 4-H junior leader explains the art of floral arrangement as part of the 4-H horticultural program offered by the Cooperative Extension Service and supported by Allis-Chalmers.

Merit Contest lauds 8 Upland Scholars

UPLAND - Letters of Commendation honoring them for their high performance on the 1970 National Merit Scholarship Qualifying Test (NMQT) have been awarded to eight students at Upland High School, Robert Spencer, Principal has announced.

Those named Commended students are Frank Delahoyde, Jeff Kelber, Benjamin Lucas, Layne Rasmussen, Glen Sampson, Carolyn Sanborn, Dennis Saviano, and Martin Stoops.

They are among 35,000 students in the United States who scored in the

upper two percent of those who are expected to graduate from high school in 1971. The Commended students rank just below the 14,750 Semifinalists announced in September by the National Merit Scholarship Corporation (NMSC).

Edward C. Smith, president of NMSC, said: "Although Commended students advance no further in the Merit Scholarship competition, their standing in this nationwide program deserves public recognition. Their high performance on the NMQT gives promise of continued success in college."

Club doings

Woman's Club

UPLAND - George Stuart and his historical figures, three-dimensional recreations of famous people, with a look into their lives, will be the program Tuesday, Oct. 13 for the Upland Woman's Club.

Stuart trained for the Foreign service and studied history and Foreign relations at American University in Georgetown. He also served on the staff of the Smithsonian Institution, providing exhibits for the new museum. He emphasizes in his lectures how the

personal lives of famous and infamous people shaped history, and illustrates his lectures with his re-creations of the figures from history.

Hostess for the luncheon are Mrs. L.S. Hadley and Mrs. David Wright. Special guests for the noon event at the Woman's Club, 590 N. Second Ave., will be society editors from the local newspapers.

New yearbooks, prepared by Mrs. Leonard Collins and Mrs. Floyd Kellner, will be distributed.

Talent show winner

Adrienne Jones of Rowland Heights, a new twirler for the Rowland High School Raiders Band, was the winner of a talent show held recently at Loyola University. Miss Jones performed a novelty twirl called "The Electric Indian" to the tune of "Keem-O-Sabe." She was attending Hibbard's California Barton Clinic at the Los Angeles institution. In addition to her win in the talent show Miss Jones won three first place ribbons and two seconds.

The slip is yellow

Have you car owners heard of the "yellow slip"? No doubt you're familiar with that "pink slip," that precious little paper letting everyone know you're the owner of the vehicle. Now a new document, reports the National Automobile Club, lets them know when you stop owning that vehicle. It's the "yellow slip."

So as to avoid the headaches often arising from the failure to record the sale or transfer of a vehicle, the seller sends the yellow slip to the Department of Motor Vehicles as soon as he hands over the pink slip to the buyer.

But this does not let the buyer off the hook. He still has to perform his legal duty, according to NAC, of filing his papers within 10 days after taking delivery.

Every person who acquires exclusive ownership of a California-registered vehicle beginning in July of this year will receive from the Department of Motor Vehicles, along with the pink slip and registration card, this new "yellow slip."

job-hunting

Write On!

Job hunting is very much in the news these days. Millions of school graduates and housewives are on the search. And there's new emphasis on upward mobility - getting a better job or promotion.

One important requirement frequently neglected is good handwriting. The first thing a prospective employer sees is the job-seeker's handwriting on that application that must inevitably be filled out. Since many people have poor handwriting skills, or feel they do, they often avoid seeking new or better jobs.

So begin today to improve your handwriting. Take every opportunity to practice, from grocery lists to personal letters. Write clearly and precisely, avoiding flourishes and scrolls in favor of the simple and easily legible. A busy employer has no time to decipher your answers.

Practice may not make perfect, but it does make for improvement. One more job-hunting tip: Always bring your own writing instruments. The ones you're used to are in proper condition for the job at hand. (NIP Features)

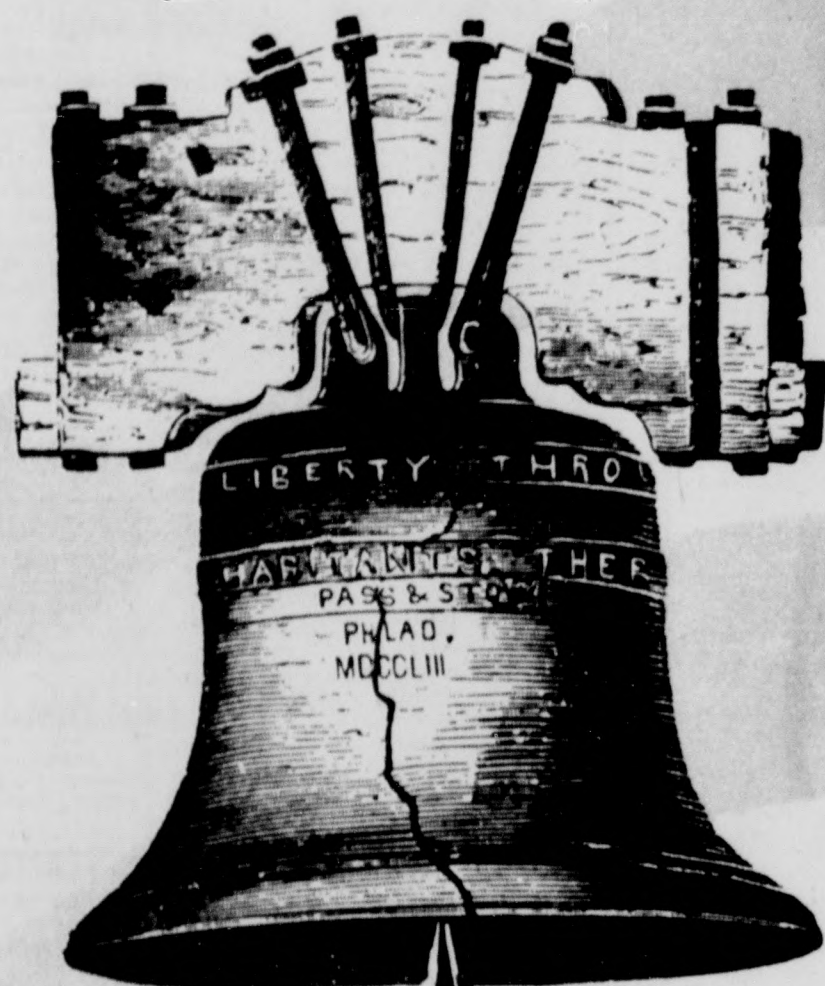

A garden rake for the carpet! Yes, its the "in" way to beauty for your new deep piled shag carpet. Experts at Evans Black, manufacturers of several types of shag carpets, recommend the use of a garden rake - it must be bamboo - to fluff the shag before company comes, and for quick cleanups afterwards. Shag carpets do need the vacuuming, but the garden rake is the way to erase footprints and vacuum streaks and keep the carpet well groomed.

From Alfaretta Courtright, Alvin, Texas. I remember a three room sod house on the banks of the Beaver Creek back in Kansas. It had glass windows and wood floors, refinements many earlier soddies had not. The walls were plastered. It had muslin ceilings to cover the beams. Every housecleaning we took the muslin ceilings down and washed them. I remember the rag carpets. We tore and rolled the strips into balls after sewing the strips together. They were woven on a loom from which they came in yard wide strips. Those strips were whipped together with carpet warp to make rugs which were laid on a floor padded with papers and nailed down with carpet tacks. At housecleaning we took up the carpet and ripped apart the strips. We then laid it back together and laying it again over clean papers. How I loved to get a look at the old papers and magazines. It was my favorite part of housecleaning.

The old sod house had a lean-to porch of frame. Every year a little wren made her nest in the beams of the porch. Once my father showed me that little nest and told me not to touch it. But I was naughty I climbed up and took out of the nest a tiny baby bird no bigger than a bumble bee and dropped it. It never lit. An old hen caught it in her old beak and ran with it. I remember how I felt then and never again did I bother a bird nest.

Dum-Bells!

There's what they're calling the Dum-Bells! They're been going around buying homes and selling them much more cash for their money than they could get elsewhere. And if they have a G.I. or S.I.A. loan, they can get the expenses. You don't have to be a professional investor to get in on this. You can have your money in a few days. You can even have your money in your pocket.

The children's choir will sing, and Norval Hardy will be worship leader. The evening services will be held at 7 p.m. and Dave Belcher will continue on Wednesday evening with the 7 p.m. services.

Reservations for the church's Pioneer Banquet should be turned in to Hardy by Oct. 19.

LVH Presbyterian

The Rev. Springer will also bring a children's sermon, "A Trap."

Sunday School will be held at 10:45, with nursery care provided through the morning.

the Springers, 1360 Oak Ridge Drive. High schoolers will meet on Monday, Oct. 12, at 6:30, and the Church's Jet Cadette Club (grades 3, 4 and 5) will open on Thursday, Oct. 15, at 3:45 p.m. Boys will be taught football fundamentals and girls will be taught volleyball.

The coffee hour will begin at 9:15 a.m. Hostesses will be Mrs. Lloyd Dodd and Mrs. William Dodds.

The 10 a.m. program will feature Mrs. Albert Ehrke, who will speak on Toberman Settlement House.

Mrs. Merritt was associated with La Verne College between 1925 and 1969, when she retired, and last year did substitute teaching for the Bonita District. She and her husband are now developing a beginner's ski area on Mount Baldy, and will teach skiing when the project is completed.

During the weekend, Oct. 9-11, Dr. Harold Fasnacht will be installed as moderator for the church's Pacific Southwest Conference, at the annual conference to be held in Phoenix, Ariz., under the theme, "The Church Enters the '70's."

House cars get own travel sign

A new sign that will inform travelers of the location of establishments that provide overnight facilities for travel trailers, campers, house cars and similar vehicles will soon become commonplace on California State highways.

According to A. C. Estep, traffic engineer for the California Division of Highways, the signs will read "CAMPER" and be posted near highway exits in the same manner as those now in use to direct motorists to sites where gas, food and/or lodging are available. The new signs will also be the same colors--white reflectorized letters on a blue background.

The requirements that must be met before a facility is eligible for directional signing were originated by a statewide committee that included representatives of the California Division of Highways and the trailer park industry.

Estep said that each establishment must be equipped to provide power,

water, sewage and similar amenities.

Also required are: ... It shall be licensed for private operation, or be operated by a governmental agency ... It shall be accessible to, and capable of handling all types of travel trailers and recreational vehicles ... It shall be open to the public for 24 hours each day during the time the signs are in place ... It shall be no more than 10 miles from the State highway exit designated by the sign ... It shall be equipped to handle a minimum of 25 vehicles for overnight stops.

Follow-up signing must be installed by local agencies where required for logical direction of traffic.

Only members of the National Association of Real Estate Boards and its constituent boards may use the registered term Realtor, indicating they are professionals in real estate who subscribe to a strict code of ethics.

Upland Savings pays the maximum interest on insured savings. No other insured financial institution in America can offer you higher interest or more insurance, because all insured financial institutions' interest and insurance are regulated by governmental regulations.

Upland Savings is a part of America's insured savings system whose total assets exceed \$150,000,000,000.00 (150 billion dollars) and

where, throughout America, over 44,000,000 (44 million) savers save. As a savings counselor, we suggest you look at more than the stated rate of yield of investments. If you had needed to "cash-in" your investment before maturity this past year, you would sustain substantial losses. In 1969 only Upland Savings would have returned your investment plus high earnings.

You too, can benefit by saving with us.
